Your love for me was nothing but a mystery  
Just something only captured in a dream  
Then suddenly it was hitting me right between the eyes

I wasn't looking for a love explosion  
But I must have been a target, my oh my  
'Cause when I least expected it, I took a direct hit right  
between the eyes

You, you shattered my resistance, yes it's true (It's  
true)  
You battered my defences what could I do? (Do)  
I'm running from the heat between me and you  
You hit me with a million volts  
You nail me with a lightning bolt  
Oh, baby, you knocked me cold (You knocked me cold)  
You're love zapped me, right between the eyes (Want  
some more? )  
Now nothing's going to cool down my desire  
'Cause I'm jumpin' from the fat into the fire  
Love bug has bitten me and you're hitting me right  
between the eyes  
And now, each time I think about you I don't know how  
(How) I ever did without you?  
Spin me 'round? ('Round)  
And I'll never get my feet back on the ground (Ground)  
You hit me with a million volts  
You nail me with a lightning bolt  
Oh, baby, you knocked me cold (You knocked me cold)  
You're love zapped me, right between the eyes

Oh, the power of your love is much too strong  
You tell me I'mÃ...  
You hit me with a million volts  
You nail me with a lightning bolt  
Oh, baby, you knocked me cold (You knocked me cold)  
You're love zapped me, right between the eyes  
You hit me with a million volts  
You nail me with a lightning bolt  
Oh baby, you knocked me cold (You knocked me cold)  
You're love zapped me, right between the eyes, dig it  
Oh baby
