...And the world was young. And it was cruel and beautiful.
And it was full of heroes and titans who were fighting and
Cognizing the world.
In that time people souls were naive and child-like
Happily. People saw life in everything and the surrounding
Nature meant for them something what not everybody living
Now can understand. And they believe in Gods who were
Different in names but same in essence. Those Gods came
To the Earth from the old ages, when all living was dark and
Cruel and lifeless - light and reconciling. In those ages
Intellect did not exist and its place was occupied by instinct -
A formidable weapon, leading to death... Monsters
Possessed this weapon, whose horror was later called Hell,
And there was no a single creature who had not spent their
Life in struggle for everything.
When the Gods descended on the Earth and saw that
Savage chaos they were puzzled and horrified by the Scenery.
And so they created the first people, who got three
Things really majestic - intellect, wisdom and feelings.
And
Every God had the reins of government of a soul, and the
Gods of darkness gave evil genius to intellect,
misanthropy
To wisdom and hatred to feelings; and the Gods of light gave
Clearness of thought to intellect, kindness to wisdom and
Love to feelings. And people, having opened their eyes, saw
The fear of life and prayed for remorse and salvation,

Because man is weak, and God is omnipotent. So the
Gods
Saved the people from the savage chaos and peace
and light
Started reigning.
But Evil retired to darkness awaiting for the reveal and
Began to send grief and pain; suffering entered the
even
Part of intellect and started to destroy the people from
Inside. Darkness moved to light and wars, murders
And depravity descended on the humankind. Brothers
killed
Brothers and the war was not between people but
between
Gods, who wanted to make the world more perfect. But
the
Gods of light forgot that there was no light without
shadows,
And their opponents that there was no use in darkness
Without light.
So, the Gods become reconciled, for continuation of
the
Struggle had no sense and has a sign of the
reconciliation they
Built a TOWER on the border of Light and Dark,
human's
World and divine world. And people's life was happy
and
Calm and it was the Golden Age!
But among the Gods there was one the smallest and
Contemptible one, longing for power. So, he deceived
The Gods of Evil and got the wine, which the Gods of
Death
Gave to the people when their time was out. They drank
it
And fell into sleep when the Gods had a feast he
poured that
Wine into their goblets. And having done it, he said:
"From
Now on you are heresy and I am the God!" His name
was
Igeva and he called himself God. For the true,
Immortal
Gods had fallen asleep and only the Gods of Darkness
stayed
Awake and for this reason Igeva began to detest
them and
Drove them out of TOWER. And this nonentity made
heaven
His throne and started ruling the visible world, and the
Gods of

Darkness ruled the Invisible world because legove was
not a
True God, but a false one. And people don't believe
him and
Then he sent them his reflection, called Christ, to
mislead the
Humankind, relying upon their naivity and simplicity.
Christ,
Being lead by his forefather, told people tales and
showed
Wonders, although they were very stupid, comparing
with what
True Gods, sleeping in the TOWER, could do. But
people were
Surprised and praised Christ like children and soon
committed
The truth of ancient for oblivion and fire, for they
believed the
Divine mongrel. And the plague of deception and
deafness
Spread all over the world and people went mad.
And the TOWER, standing on the crossing of Darkness
and
Light, Life and Death gradually was overrun with moss
and
Seeds and plunged in the lack of faith...
And nobody from the living now knows the truth and
true
Ancient Gods are sleeping in the TOWER, awaiting for
the
Prophecy, drawn with rules at the gates, to come true:
"and in
Nineth night the moon will disappear, moons will show
and
Omens of each of us will be burning on them, because
people
Will recollect and believe and the truth will awake
through that
Faith. And he, once having lied, will be overthrown and
cursed.
And the world'll see it's rebirth from the ashes and the
Golden
Age will come again."
And I had this vision and having learnt the truth, I
praised the
Sleeping abd cursed the staying awake, because until
the false
God is in heaven, grains of Truth are dispersed in
darkness and
They are countless in number and light is only pure
imagination.

Let your time come, the Gods, true and ancient, who's
given
Us life and death, light and darkness, intellect, wisdom
and
Feelings...
