Free, you better love me.  
In time, you'll run away, from all your yesterdays!

Speak the truth, or make your peace some other way  
ahh yea.  
I never knew, but I believe that your trust in me,  
Ohh, will speak to me.

In way beyond your controlling mind.  
And no more believing all your precious lies!

Speak the truth, or make your peace some other way  
ahh yea.  
I never knew, but I believe that your trust in me.  
Oh, will speak to me.  
Speak the truth, or make your peace some other way  
ahh yea.  
I never knew, but I believe that your trust in me.  
Oh, will speak to me.

Speak the truth, or make your peace some other way  
ahh yea.  
I never knew, but I believe that your trust in me.  
Oh, will speak to me.  
Speak the truth, or make your peace some other way  
ahh yea.  
I never knew, but I believe that your trust in me.  
Oh, will speak to me.

SPEAK!

OH! SPEAK!

SPEAK!

OH SPEAK!

SPEAK!
