(I'm not the one who's so far away)
(I'm not the one who's so far away)

Open your eyes, a chill passes you by
A premenation coming strong
Rich with desire, superstition in disguise
Toss me into where I belong

Have you ever wondered why in a dream you can touch
a fallen sky
Or fly to the heavens that watch over you? Telling me
it's all voodoo
Voodoo too

Instill the body, so on with every breath
Dance to a vision so seductive
Rain down upon me, it cleanses me with every drip
A scent you promised for the nurrishment that I've
been gifted

Have you ever wondered why in a dream you can touch
a fallen sky,
Or fly to the heavens that watch over you? Telling me
it's all voodoo
Have you ever wondered why in a dream you can touch
a fallen sky,
Or fly to the heavens that watch over you? Telling me
it's all voodoo
Voodoo too

Voodoo too, it's all voodoo too

Have you ever wondered why in a dream you can touch
a fallen sky
Or fly to the heavens that watch over you, telling me it's
all voodoo
Have you ever wondered why in a dream you can touch
a fallen sky
Or fly to the heavens that watch over you, telling me it's
all voodoo
Voodoo too

It's just voodoo too, it's all voodoo too, it's just what you do.
