Visit "[Fallen Down](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I can see what you keep inside. Emptiness plays stairs  
out your mind. Your  
blind.

I cant see the (summers comming)  
I cant drink the (dirty water)  
I cant even (See the sunshine)  
All I know is Now i've fallen (Down)  
Now i've fallen (Down)  
Now i've fallen!

I understand this pain that you feel. Trust in my friend,  
trust into you. I  
will.

I cant see the (summers comming)

I cant drink the (dirty water)  
I cant even (See the sunshine)  
All I know is Now i've fallen (Down)  
Now i've fallen (Down)  
Now i've fallen!

I can take away your PAIN!!!
