Reaching you and you're not there, you never were
So I sit down on these steps again
In the cellar of my mind i'll try to be
Broken pieces that I thought were me

Hey! I don't wanna go home
Hey! I don't wanna go home
Home

Lookin' through another day with empty eyes
I don't know if I want to laugh or lie awake
And I hope that someday I will find true peace
Now I go off with a taste of fantasy

Hey! I don't wanna go home
Hey! I don't wanna go home

Hey! I don't wanna go home
Hey! I don't wanna go home
Home

Hey! I don't wanna go home
Hey! I don't wanna go home
Hey! I don't wanna go home
Hey! I don't wanna go home
Home
