For everything you do
I'd like to swallow you
And every day I'm gonna blame you
Even if you justify
Every fuckin' bullshit lie
It only makes me want to break you.

Pre-Chorus:

You pull me down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin'.

Chorus:

'Cause I Fuckin' Hate You
Your such a liar
I love to hate you
Your all the same to me.

When you repeatedly
Take advantage of me
The only thought I get of you sickens me
Everybody knows your fake
Your everything I fuckin' hate
And I'm everything that you could never be.

Pre-Chorus:

You pull me down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin'.

Chorus:

'Cause I Fuckin' Hate You
Your such a liar
I love to hate you
Your all the same to me.

And I Fuckin' Hate You
Your such a liar
I love to hate you
Your all the same to me.

Fuck you.
Fuck you.
Fuck you.
Fuck you.
Fuck you.

Pre-Chorus:
You pull me down
And you crucify my name
You make me insane
It's broken now
Don't ever look my way
Don't even think I'm playin'.

Chorus:
'Cause I Fuckin' Hate You
Your such a liar
I love to hate you
Your all the same to me.

And I Fuckin' Hate You
Your such a liar
I love to hate you
Your all the same to me.

Fuck you. [x7]
