[Intro]

You have come here from all over the world
Because society has no further use of you
This place will now become your holy bed until your
death
Very good these things, it's time we call the rules
But if you break any of my rules
You'll find out there is life after death

Patience is how I'm living today.
I lie before you stressing me out again
My life is twisted, twisted like your own brains
I can't accept that, I can't accept that again

Face it, try it, immune to what you are
A superstition jinxing me like the black cat
Inside you, it's only what I crave
A system breakdown, can you remember your
Name? did you forget you?
Did you forget your identity?

Yeah, face it.
No, try it.
Yeah, immune to what you are.

A superstition... jinxing me like the black cat inside you.
It's only what I crave.
A system breakdown...
Can you remember your name?
Did you forget you?
Did you forget your identity?

Yeah, face it.
No, try it.
Yeah, immune to what you are.

What's the matter with your own ways?
Why are you freakin' me out again?
What's the matter with your own mind?
You can't be yourself anymore when you're suckin' out
my life from under me

Yeah, face it.
No, try it.
Yeah, immune to what you are."

"Yeah, face it.
No, try it.
Yeah, immune to what you are."

Face it..
Face it..
Yeah, face it..
Yeah, try-y-y-y-y-y...
