So close no matter how far
Couldn't be much more from the heart
Forever trusting who we are
And nothing else matters
I Never opened myself this way
Life is ours, we live it our way
All these words I don't just say
And nothing else matters
Trust I seek and I find in you
Every day for us something new
Open mind for a different view
And nothing else matters
I Never cared for what they do
I Never cared for what they know
But I know
So close no matter how far
Couldn't be much more from the heart
Forever trusting who we are
And nothing else matters
I Never cared for what they do
I Never cared for what they know
But I know, But I know
I Never opened myself this way
Life is ours, we live it our way
All these words I don't just say
And nothing else matters, oh yeah
Trust I seek and I find in you
Every day for us something new
Open mind for a different view
And nothing else matters
I Never cared for what they say
I Never cared for games they play
I Never cared for what they do
I Never cared for what they know
But I know what I know, yeah
So close no matter how far
Couldn't be much more from the heart
Forever trusting who we are
No nothing else matters
