Can't remember my name  
Can't remember at all  
Finding you from past times, I think  
How did we ever fall? Yeah

Never knowing the answers  
Calling myself names  
Now is not the question for us  
Will it ever be again?

Why don't you just fly?  
Fly to me!  
And how long  
How long will you wait for me?  
Never

Now or never again  
Now or never again

Feel me up inside you  
How you quiver and shake  
Can I rape you back to my life?  
Will you trust me again?

Now or never  
And I'll never let you down  
So fly to me!  
And how long  
How long can I wait?

Why don't you just fly?  
Fly to me!  
And how long  
How long will you wait for me?  
Never

Now or never  
Now or never  
Never, never, never  
Now or never  
Never again  
Never, never, never

Now or never  
Never again

Fly, fly, fly  
Fly, fly, fly, yeah

Why don't you just fly?  
Fly to me!  
And how long  
How long will you wait for me?

Now or never, never again  
Now or never, never again  
Now or never, never again  
Now or never, never, never again  
Never again, never
