Oh man, I'm tired and lonely
Again, why must it be
A man is drowning slowly
And he can't keep above
Gone way to deep, oh yeah

Open skies are falling
Tears are coming down
Like a drop of rain falls to the ocean
And comes back around
One rainy day

Oh so many times I should've crawled when I went
running by
And since then I've been left feeling traumatized
Raped and drained of an innocence
A gift we've lost over time
And still I gaze through this one rainy day

Alone with no one by my side

Open skies are falling
Tears are coming down
Like a drop of rain falls to the ocean
And comes back around, yeah
I swear I've given, I've given you all I can
Never will you ever make me feel this way again, oh
On this one rainy day

Hey, open skies are falling
Tears are coming down
Like a drop of rain falls to the ocean
And comes back around
One rainy day
One rainy day
Oh one rainy day
It's been just, one rainy day
