Baby u been there
(you my ride or die chick)
nobody else was u my ride or die i love you forever
(baby you my ride or die chick)

why do you do ,the things you do, just for me ,
while niggas hated hated by my side you stayed ,
and you did that for me, you didnt have to
for that i love you , you trusted me, i trusted you,
you confide in me, i confide in you
thats why i can say , when i said it that day
can we get married, you said yes,
it'll stay that way

(CHORUS)

For me you'll ride or die , i look in your eyes
I'll see the sunset tonight forever forever
for me you'll ride or die, I look in your eyes
I'll see the sun she sets, tonight , forever , my baby

its pf neva play games witcha,
have ya screamin go dav when i put the thang in ya,
you in the roles so i put the range in ya
cocked back, reload i aint shootin blanks in ya
give ya ass lil patch of the window ,
go the woodgrain you might catch a lil splinter
i get deep posted in it like a center
in the middle tell my mama i'll be gone til november
pf keep floatin like a symbol
you feel the beats grow as the lights get dimmer
and you want me cuz ya man way thinner but
what he dont know baby it he will neva get ta kno

(CHORUS)

dey call me suga baby , im goin supa davy
half zips and sacks is what im movin baby
i gotta strip from haitis, im n da new mercedes
im bout ta string da bitch out like a ukaleli
im puffin purp wit vitamens and enzymes
so how i drift in da breeze like some wind chimes
cruise wit da kid were da climate is tropical

to da pad we gotta go on da coast of golopagose
the boy hot but the car like a popsicle
and the roof on the whip is optional
wood interior you know its mahogany
sex so good you callin out olli oxen free

(CHORUS)

enjoy ya self wit a lil fresh seed
go bak bak ta bak second double dis week
go cruisin in da east meetin up wit our people
duckin the police we aint neva been free tho
and i got this proposition you see
backseat position its ya friends and me
i will keep the confidentiality
because i like ya body face and personality
you got style babygirl you got grace
u gotta size 5 size 6 waist
you gotta go hard and not against
u makin somethin get hard in my pants
are you my love or are you my lust
or are you just a quick nut to bust
could you be my, might not make da cut
and you gon mess wit me wen da sun comes up

(CHORUS)

yeaaaaaaaaaaaaaaaaaaaaaaaaaaaaa yeaaa yeaaaa baby
i love u i love u forever
yeaaaaaaaaaaaaaaaaaaaaaaaaaaaaa yeaaaa yeaaaaa
i love i love baby
