Spent the last year, Rocky Mountain way
I couldn't get much higher
Out to pasture, I think it's safe to say
Time to open fire

And I don't need the ladies cryin'
Cause the story's sad
Rocky Mountain way
Is better than the way we had
Yeah yeah yeah

Well, you're tellin' me this and you're
tellin' me that
Change it up every day
You say it doesn't matter
My .38's loaded and I'm gonna crack
I'm taking out everything
Time to change the past
Yeah yeah

I don't need the ladies cryin'
Cause the story's sad, aha yeah
Rocky Mountain way
Is better than the way we had
Better than the way we had
