Well sweet little sista's high in hell cheat'n on a halo
Grind in a odyssey holocaust heart kick on tomorrow
Breakdown agony said "ectasy" in overdrive
She come a riding on the world - Thunder kiss'n 1965 -
Yeah - Wow! Five - Yeah - Wow!! Demon-warp is coming
alive in 1965 Five - Five - Yeah

Livin' fast and dying young like a endless poetry
My motor-psycho nightmare freak out inside of me
My soul salvation liberation on the drive
The power of the blaster move me faster - 1965 - Yeah -
Wow! - Five - Yeah - Wow! - demon-warp is coming alive
in 1965 - Five - Five - Yeah

Roll'n like a supersonic another fool that gets down on
it
pig sweat a million miles
I got a heart atomic style
I make it look easy - That's what I said
Blast of silence explodes in my head - Yeah - Yeah -
Yeah

Gimme that gimme that now
Gimme that gimme that now
Gimme that gimme that now

Step to the moonshine frenzy hail: The Ressurrection
What's new pussycat? Can you dig the satisfaction?
Well, you can't take it with you but you can in overdrive
- Yeah!
Some like it hot and twist'n, 1965 - Five - Yeah - Wow!
Five - Yeah - Wow! Demon-warp is coming alive in 1965
- Five - Five
