Livin' a different way
You can't expect me to be the same
Separating our lives and wonderin' why
Face down I walk away
Every time I think I do the right thing
You turn your back on me

Trippin' into a world that never seems too far away
Too much time, too many wasted days

How can you be this way?
Now I'm alone and cold today
I'm walkin' dead man's drive
Reachin' out for my life
I've been known to fuck up everything
In this skin there's a broken man

Trippin' into a world that never seems too far away
Too much time, too many wasted days
Just another vision
Just another vision
In my world

In my world
In my world
Uuh aah aah

Trippin' into a world that never seems too far away
Too much time, too many wasted days
Just another vision
Just another vision
In my world

Aah, in my world
In my world
