

Gogi Grant **"Who Are We"**

Visit "[Who Are We](#)" on MotoLyrics.com

Who are we
To doubt the things we see
A rose, a leaf, a tree
And who are they
To dare to say
Our love can never be

Ask yourself
And ask the friendly dove
Why bluebirds mate above
Then who are we to turn the key
That locks the door to love

[CHORUS]
As sure as summer follows spring
As sure as Sunday church bells ring
As sure as oceans ebb and flow
I know, I know

[VERSE]
Love is on
For mortals such as we
Just who would disagree
So to deny a love so true
My darling, who are we

[Repeat CHORUS]

[Repeat VERSE]
