We're replacing the groom  
With a Mexican head honcho

Troubled friends  
Troubled friend

Kumbija

What do you do and what if it's true  
When your friend confesses to you  
he's a serial killer

What do you do and what if it's true  
When your good friend confesses to you  
That he has become a car dealer

What do you do, do you do  
With all your troubled friends  
Hide them from the cops?  
Take them to the belly dance  
{unsure}... all their trouble, oh so troubled heads  
What do you do, do you do  
With all...

Troubled friends  
Troubled friends

Before the challenge gets too advanced  
Before the strike of total {unsure}  
How do we keep away the friends from horrible things  
And I myself have plenty of friends who are in kind of a  
strange bands  
But what can I ever really tell them

What do you do, do you do  
With all your troubled friends  
Hide them from the cops?  
Take them to the belly dance  
Do with all their troubles, oh so troubled heads  
What do you do, do you do  
With all...

Troubled friends  
Troubled friends

Kumbija

What do you do, and what if it's true  
When a friend confesses to you  
He never read Gogol

But there's a million of helping hands  
Reaching out to our troubled friends  
In this eternal harmony of trouble

What do you do, do you do  
With all your troubled friends  
Hide them from the cops?  
Take them to the belly dance  
Do with all their troubled... oh so troubled heads  
What do you do, do you do  
With all...

Troubled friends
