It is easier to see, evil as entity
Not as condition inside you and me
I did not invent it, I'm just in charge of it
Simple businessman with simple practical plan

So do you wanna be a model, yeah?
All you got to do is show up, wow
We'll be leaving soon for the breaking ground
For there will forever be slavery
There forever be cruelty

There forever be wretched of earth
Crawlin' up round driven by last semen drop
Factory that makes you, they say, it never stops
Factory that makes them, I know, it never stops
So do you wanna be a model, yeah?
All you got to do is show up, wow
We'll be leaving soon for the breaking ground
For there will forever be slavery
There forever be cruelty

In this game they'll always be on the top
And it's up for you to learn or not

Eh, padavai-ka djadka lodku, babenok zagruzgai-ka
Oi, davai davai, trimai denga denga
Oh, da kino-cameru da zgurnalistik nu ka dai-ka
Eh, po chernu morju, da na Dubai, Dubai
