The thought of you, it gets me everytime  
Maybe it's, the way you reject me  
You never call, i'm always hopeful  
Even though i know.  
It always ends the same  
Your photo with no frame

I want you to be there next to me  
When i close my eyes  
I want you to see my actions speak  
My every line  
When i close my eyes

I hope you hear this  
I want you to know that

Your everywhere i am  
And every girl that i see  
Isn't half the girl that you are to me  
So throw away the things that hold you back

I want you to be there next to me  
When i close my eyes  
I want you to see my actions speak  
My every line  
When i close my eyes

When i close my, when i close my eyes...  
I want you to be there.
