Im with you no matter where you are
Your something I'd like to hold on to
I understand you don't feel the same
This can't go on, it's wrong, I know

Like another world that Im living in
All I ever knew is caving in
Like another dream lost in my sleep
Wish I didn't feel anything

And now Im on my own, Flying south alone
Im flying south alone
I want the world to know feeling I couldnt show
Im flying south alone

Go ahead and slit my throat, I'll bleed the truth to you
I can't except this yet
Break your promises, I gave you everything
And this is what Im left with

Like another world that Im living in
All I ever knew is caving in
Like another dream lost in my sleep
Wish I didn't feel anything
And now Im on my own, Flying south alone
Im flying south alone
I want the world to know feeling I couldnt show
Im flying south alone

Ill make it through, I always do

I did all that I can
And I'd do it again
For you to turn the knife again

Like another world that Im living in
All I ever knew is caving in
Like another dream lost in my sleep
Wish I didn't feel anything

And now Im on my own, Flying south alone
Im flying south alone

I want the world to know feeling I couldnt show
Im flying south alone

And now Im on my own
Flying south alone
And now Im on my own
Flying south alone
I want the world to know feeling I couldnt show
Im flying south alone
