Last time that I said goodbye,  
Came to be the first day of the rest of my life  
It's a lot of time spent, all the places we went  
And knowing what's behind all the letters I sent

It's a long time going  
Long time running  
Long time knowing

They said it might rain toay  
I'm moving on, further from you  
It has to be this way  
I'm moving on, further fom you

Last time that I said goodbye,

I noticed something different with the look in your eyes  
We both seemed to know without saying a word  
That the stage was set for the page to be turned

It's a long time going  
Long time running  
Long time knowing

They said it might rain toay  
I'm moving on, further from you  
It has to be this way  
I'm moving on, further fom you
