Fourteen miles 'til i break you down  
Time to realize i can make you frown  
My soul is free so step up on it  
To see past the faded sign

Can't stop the tide, it flows  
(can't stop the pain inside,  
Can't stop to make it hide,  
Can't stop to open wide, never mind)  
Can't stop the pain inside

Up to now it's been irrelevant  
Brought back to life through your dreamt up event  
With your sad eyes, you sent me on my way  
Dreamt as you lied that it's ok

Can't stop the tide, it flows  
(can't stop the pain inside,  
Can't stop to make it hide,  
Can't stop to open wide, never mind)  
Can't stop the pain inside

Fourteen miles 'til i break you down  
Time to realize i can make you frown  
My soul is free so step up on it  
To see past the faded sign

Can't stop the tide, it flows  
(can't stop the pain inside,  
Can't stop to make it hide,  
Can't stop to open wide, never mind)  
Can't stop the pain inside
