Watch it go, watch it go, watch it go  
She'll have to cut it away to save her life  
And she knows, See she knows  
It's like a fatal disease  
You'll hear her cry, Oh  
Take this  
Make it something beautiful again  
Make this  
Make this heaven cause you're beautiful to them

Got you anyway  
I'm gonna say that I've been taken over  
Come on lets go again  
You tell me when  
And I'll be taking over

And you know that I'll never (I will do it again)  
Do it again (I'll take it away from you)  
And I'll tell you I love you (I'll take it again)

(Just give me the chance, I'll take it again)  
(I'll take it away from you)  
Say it again

Got you anyway  
I'm gonna say that I've been taken over  
Come on lets go again  
You tell me when  
And I'll be taking over

And time stands still  
It's at a picture  
(I think of every word you say)  
And time moves on to the next one  
(I think of every word you said)  
With every word you said

Got you anyway  
I'm gonna say that I've been taken over  
Come on lets go again  
You tell me when  
And I'll be taking over
