Not afraid of the sounds you make
Not afraid of the steps you take
Told you the troubles are on it's way

Didn't I think you thought we were gone
We were gone and on and on
Didn't you say that we don't belong
Don't Belong go on and on

I told you the first time...
Troubles on it's way...

We keep movin'
I said...headlights last long
We're all...ready while we can
We're all...givin' what we feel this is real
[2x]

Didn't I think you thought we were wrong
We were wrong and on and on
Didn't I hear you singin' along
All along and on and on
I told you the troubles on it's way...

We keep movin'
I said...headlights last long
We're all...ready while we can
We're all...givin' what we feel this is real
[2x]

This is real...

Not afraid of the sounds you make
Not afraid of the steps you take
Told you the troubles on it's way

We keep movin'
I said...headlights last long
We're all...ready while we can
We're all...givin' what we feel this is real
[3x]

We keep movin'
Headlights last long
Ready while we can
Givin' what we feel this is real.
