Time winds down, as You stretch upward to Heaven.
His blood resounds as it's not over, precursor.
They'll paint them red,
Those things You said.
They'll paint them red,
What You said.

I miss You. I miss You
...and I miss You.
I need You. I need You
...and I need You more.
Can I see You? I see You
...can I see you now?

I want to defend as I hold You so closely, to me.
You speak of peace, well how can that be?
Surround me.
I can't believe that pain received,
And I can't believe what You said.
I miss You. I miss You
...and I miss You.
I need You. I need You
...and I need You more.
Can I see You? I see You
...can I see you now?

And I felt it. You're not fading.
I felt it. I'm not fading.
I felt it. You're not fading
I felt it. I felt it.

I miss You. I miss You
...and I miss You. (i miss you)
I need You. I need You
...and I need You more. (I need you more)
Can I see You? I see You
...can I see you now? (can i see you now)
