Many times i forgot, I'd simply wait for my lot
Angelic i thought you to be so much for what you think
of me
Smile as you really frown, then grin as you look around
Flip-flopped it all upside down
You may not be lost but i'm still not found

It's so easy to forget what we had
It's so easy but so sad, sad
It's so easy to wave goodbye
So easy but don't cry

It's not as simple as i thought
Time for me to pay what i brought
Never really could make it last
You looked better as we passed
Lie as you swear the truth
And laugh as you try to prove
Can't stop your hypocrisy
You may be blind but i still can't see

It's so easy to forget what we had
It's so easy but so sad, sad
It's so easy to wave goodbye
So easy but don't cry

Feel the time slip away
Don't have another day

I'm tired of the battles fought
Stepped down from ideas i thought
Never wanted another enemy
You're a jacked up fantasy
Spin as you're standing still
Then fall to the ground astounded
Tip-toed all around your speech
You still might fall but i still won't reach.

It's so easy to forget what we had
It's so easy but so sad, sad
It's so easy to wave goodbye

So easy but don't cry
