Andy hired on to the Box Y in the spring  
He saved his summer wages and he bought a diamond  
ring  
Now he's ridin' in the roundups in the early autumn  
snow  
But he'll be meetin' Amy on the Greys River Road

CHORUS:

And the Greys River Road  
It winds and winds  
All the way to Alpine  
Andy is a cowboy like none she ever knowed  
Amy is the girl at the end of the Greys River Road

Andy took her up to Deadman Mountain on the pass  
He gave her the ring and he kneeled down to ask  
For her hand and her kiss the sweetest thing he ever  
knowed  
In all his days of ridin' that old Greys River Road

CHORUS

Andy promised Amy it was time to settle down  
And "build us a cabin on the outskirts of town."  
But a cowboy's life is the only life he ever knowed  
And he'll be leavin' Amy for that Greys River Road

CHORUS

Amy is the girl at the end of the Greys River Road
