- \* Last blast of the century

Specialize in danger  
Niagara Falls  
And now I sit here waitin'  
Like an idiot for your call  
Words cannot explain  
That rattlesnake in my bones  
Guess it's time to face the truth  
I stand here licked by love  
And in the name of love  
I wanna go go go, like a burning stuntman (4x)  
I fry exposed to fire of course  
Choke up while I'm breathin' smoke  
Come on quench the fire inside my soul  
I wanna go go go

A slumbering volcano  
About to explode  
Puttin' on a smile and then you're takin' of your clothes  
Words cannot explain  
My heart's red pepper blue  
And my blood goes boilin' every time I think of you  
I'm in danger how  
I wanna go go go, like a burning stuntman (4x)  
You fry exposed to fire of course  
Like a flame whisperin' to a moth  
Come on quench the fire inside my heart  
I wanna go go go
