Yeah, you can do that

Well, take a look at me now here
Another sucker ruining the atmosphere
It's gotta be the story of my life
You know I'll mean from the very embryo start

I've got piles and piles and piles of goo goos
You know, how about you? How about you?
No one take notice of a little thing
Start to grow into a big thing, bigger than anything

You can join the commando's
Be just like a little Rambo
You can challenge the world
And you'll never know that a wind will blow

And it's gonna be cold
But you'll always keep on singin'
Like you've been told
You can do that, you can do that

Yeah, you can do that
With the power of your soul just go ahead
Gotta get back on top again
Yeah, you can do that
With the power of your soul just go ahead

Well, meanwhile broke, busted, hungry and not trusted
Thanks for the lousy deals you know, tell me all about it
No stop, I wanna keep my ears clean
I got goosebumps in the wrong places
Screaming looks like the vultures are gathering you
can do that

Yeah, you can do that
With the power of your soul just go ahead
Gotta get back on top again
Yeah, you can do that
With the power of your soul just go ahead

Well, no matter how thin that string

I wanna hold on to that thing
They say when the goin' gets tough the tough get goin'
But can you prove it baby?

The fairytale wisdom oxygen
Give me a breath
Of your precious oxygen
Precious, precious oxygen

Yeah, you can do that
With the power of your soul just go ahead
Gotta get back on top again
Yeah, you can do that
With the power of your soul just go ahead, just go
ahead, just go ahead

Yeah, you can do that
With the power of your soul just go ahead
Gotta get back on top again
Yeah, you can do that
With the power of your soul just go ahead

Yeah, you can do that
With the power of your soul just go ahead
Gotta get back on top again
Yeah, you can do that
With the power of your soul just go ahead

Yeah, you can do that
With the power of your soul just go ahead
Yeah, you can do that
With the power of your soul just go ahead

Yeah, you can do that
With the power of your soul just go ahead
Yeah, you can do that
