From the Album:

* Keeper of the flame

I'm up & you're kinda low

Are you provin', that you don't want me no more
Mixed up and I'm all alone

And I'm ridin' around in circles
I've been up - I've been way down low

I've been up & down that road before
I've been up & down that road before

I've been ridin' around in circles

Ridin' around in circles. Yeah, yeah!

refrein:

Everyone knows the way, everybody's right

And everyone knows' where eveybody's drivin' at
I've been right, I've been wrong

I've been uptown and I've been pitifull

I've been racked, I've been sold

I've been ridin' around in circles

High - low - I've been down the streets where I once met
you

I've been hot, I've been really really cold
I've been ridin' around in circles
Ridin' around in circles. Yeah, yeah!

refrein:

Everyone knows the way, everybody's right

And everyone knows' where eveybody's drivin' at

Don't mind that I don't know where to go

Every night I've been dreamin' that I'm not alone
Everywhere I go...

Early in the morning, late at night

I give up - no more
In the evening - All day by your side! Yeah!

I've been up to it & I've been here before

I've been broke - for a loan

I keep ridin' around in circles

You look beautiful baby

Walkin' down the sidewalk with that chip upon your
shoulder
I've bee hidin', I've been searchin'

I've been ridin' around in circles

refrein:

Everyone knows the way, everybody's right
And everyone knows' where eveybody's drivin' at

You've been hidin', I've been ridin'
