Aww

I wanna go ahead until I just run out of gas
We gotta beat the road, with four wheel thunder
There's a Cadillac dealer in Kansas city counting
money
And the highway patrol ain't goin' nowhere

Don't say no
Don't say no
Don't make me grieve
Don't say no
Don't say no
You gotta feel the breeze

On a clear night, moonlight
You and me and the car
Under a thousand stars
Clear night, moonlight
That's all the magic we need
So, don't you go turnin' my dream
Into a nightmare
C'mon honey, let's ride
Right out of here

Imagine you and I, leavin' it all behind
Find another world, beyond the turnpike
There'll be lots of people uptight
Maybe some F.B.I and your daddy screamin', 'Bloody
murder'

Don't say no
Don't say no
Don't make me grieve
Don't say no
Don't say no
You gotta feel the breeze

On a clear night, moonlight
You and me and the car
Under a thousands stars
Clear night, moonlight

That's all the magic we need
So, don't you go turnin' my dream
Into a nightmare
C'mon honey, let's ride
Ride right out of here, ahh yea

Picture the two of us, baby
It's a clear summer night
We're so happy
So much in love
You know how the story goes
At the end of the rainbow
There's a bag of gold

Clear night, moonlight
You and me and the car
Under a thousands stars
Clear night, moonlight
