From the Album:

* Together

If there's a reason why you leave me
Then I like to hear it now
I'll simply bend my head
I won't cry out loud
I know all this time we spent together
Was not so important to you
You always knew
There would come a time
That I would sing my blues
And now you're playing with me
Like you're playing card
I'm losing before you start
You know every trick
Of every game
You look right through my heart
You're from heaven from hell from heaven
You're from heaven from hell from heaven
You're from heaven from hell from heaven
You're from heaven from hell from heaven
For ever I'm lost in your spell

Ooh and I would be a liar
If I'm telling you
That I don't give a damn
That you don't love me like I do
Oh babe
Babe I'm begging you
I'm begging you down on my knees
Oh please stay some more time
I'd rather be dead than free
Alright you leave me all alone
I see the curtain fall
And while you softly close the door
It's your name I call
Oh you're from heaven from hell from heaven
You're from heaven from hell from heaven
You're from heaven from hell from heaven
You're from heaven from hell from heaven
For ever I'm lost in your spell
