- * The naked truth
- * Last blast of the century

Get out of my parlour, won't you
Get out of my life
Put on that crazy raincoat
You're gonna need it tonight
Get out of my parlour
For I cut you with a knife
Don't want your disease
Don't need your silly jive
chorus:

I was an innocent by-stander
I was middle of the roadman for you
Then you took me for a ride, now baby

Showed me all the things you could do
I always listen to the good looking lady
A mistake I won't make no more
'Cause you might be a goodlooking lady
You're rotten to the core
I've been under your influence
Under your spell too long
Now people keep me at a distance
Everything I do is wrong
My brain's desintegrating
Devils singing my song
This cannot continue
This cannot go on
Chorus: ...
You're nothing but a long blond animal
