N.E.W., N.E.W., N.E.W.S.

North, East, West and South

Read all about it, read all about it, news

I wanna know about the weather tomorrow

I wanna know what happened today

I wanna feel that I'm a part of the games

That all the other people play

I mean, being in touch with the actual thing

No matter how amazing

Oh, I turn on my radio, switch on my TV

Open a paper and a magazine

Let's see what they got, let's see what they got

Let's see what they got to upset me

It's pitiful, shameful, all I hear and read and see

Four directions of the wind and a four-way misery

Yeah, yeah, yeah

Well, once upon a time I was a sailor man

Curious about my destiny

So I sailed away on a ship of slaves

The rest, as you know, is history

Yeah, yeah, yeah

There's gotta be a lesson for you and me, I mean
everybody

How come we never seem to learn

From the things that we all study, let me hear you say

North, Scandinavia, Alaska, Siberia

East, Japan, China and India

West, Europe and the US of America

South, Australia, South America, South Africa

Spell it out, N E, Who, me?

Yeah, you, double you and S for South

Jungle drum, word of mouth

We're gonna get it together, we're gonna work it out
We're gonna get it together, work it out, work it out
So I turn on my radio, switch on my TV
Open a paper and a magazine

Let's see what they got, let's see what they got
Let's see what they got to update me
It's pitiful, shameful, all I hear and read and see
Four directions of the wind and a four-way misery

North, East, West
We're gonna get it together, we're gonna work it out
We're gonna get it together, work it out, work it out

Yeah, yeah, yeah
