From the Albums:

- \* No promises no debts
- \* 2nd Live

The pity and the pleasure and the guilt and the pain  
The sun and the moon and the stars in the rain  
It's all the same  
Goin' back to zero  
The other side a life  
With gasoline and neon lights  
Seeping though the night  
On a colour-slide  
Hand that's holdin' a gun  
It's the trigger pull — happy son  
Another abnormality  
A wolf among the sheep  
It's the good time boy, girls toy  
Takin' another chance  
And there he goes  
Do you think he knows  
On and on he goes  
Do you think it shows  
Hold on he's coming back  
Like a joker jumpin' outa the deck

Hit a lotta dust. Hit it hard  
Just to prove my lord he can take a lot  
Dig it now you still can  
Get a smoke-screen and a rifle-man  
Holy Christ look at the state he's in  
Save your skin take my advice  
And keep the kids inside  
Save your skin now you can without an alibi  
Save your skin take my advice  
And leave the dogs outside  
Cause here he comes  
It's the demon man with the fire in his eyes  
Checking out your lies one by one.  
Soulkitchen's empty  
Lotta contrast with last night  
There's broken chairs and broken glasses  
Everywhere in sight

Sunlight is blindin' my eyes  
Minute he walks in  
How ya been?
