From the Album:

* Just Earrings

She may be
The girl you're holding tight
She's the one
I cried for every night
I warn you friend
It must be soon
And she will say goodbye
Just like mine
Your arms and veins
Will fly in the sky
One thing I know for sure
This happened once before
She'll turn her back on you

And take me in her arms again
She may be
The girl you're holding tight
She's the one
I cried for every night
Now she's the kind of girl
Who always flies around
But someday soon she'll see it
That I'm the only real love
That mine's the only real love
That mine's the only real love
