From the Album:

\* Face it

I remember it happened  
Late one night  
No moon - no stars  
No sound - no light  
I was young and scared  
And afraid of the dark  
When I saw that space ship  
Shaped like a heart  
The years went by  
Just like a shot  
I was way too busy  
Growing up - I was datin' girls  
So I forgot -  
All about that space ship  
Shaped like a heart  
Well I woke up one morning  
Feelin' fed up and lost  
Runnin' out of luck  
Desperate for love  
And there she was  
I kid you not -  
That space ship shaped like a heart

Blindin' my eyes  
Cloudin' my sight  
Givin' me hope it would be all right  
Space ship shaped like a heart  
I saw it in your eyes  
And in the way you smile  
Right from the start  
Space ship shaped like a heart  
Don't wanna ask me why  
Don't wanna say goodbye  
To that heart in the sky  
I was standin' by the window  
We just made love  
I was comin' down  
>From the push and shove  
And lookin' up -

I saw a spark  
It was a space ship  
Shaped like a heart
