Oh you look real good in your blue jeans and a pink
sweater.
But in a cocktail dress I guess, you'd look even better!

I got your photograph, so your memories lined up on
the table.
But you're gone with the wind, and I wish I was dead!
Just like Clark Gable.....

The sun goes down for a lonely four.
Like darkness in the temple of doom. I need a guarding
light.
Tell me, what am I supposed to do?

Albino moon, where've you been tonight, hidin' behind
the cloud, albino moon.
Albino moon, what's it all about, hidin' behind the
cloud, albino moon.
Am I blind or am I right? Or you light into my room,
make my baby find her way back home, real soon.
Albino moon!

With your red lips on my daydream, imagine we're
together.

In the backseat of my car, on the shiny white leather.

I got your photograph, so your memories line up on the
table.
But you're gone with the wind, and I wish I was dead!
Just like Clark Gable.

The sun goes down for a lonely four.
Like darkness in the temple of doom. I need a guarding
light.
Tell me, what am I supposed to do?

Albino moon, where' you been tonight, hidin' behind
the cloud, albino moon.
Albino moon, what's it all about, hidin' behind the
cloud, albino moon.
Am I blind or am I right? Or you light into my room,

make my baby find her way back home, real soon.
Albino moon!

Albino moon, albino moon, albino moon,
whoho, whoho, whoho, whoho, whoho, whoho.....
