The sooner it will be the better  
gonna have to see her right away  
it's been a long time since the day I met her  
I can't handle being without her one more day  
honey get the feeling that I'm going insane  
feel so stupid using these old cliches  
you better hurry up baby  
I ain't lying  
we're down to nothing but a waste of time  
still remember everything she said  
make no promises make no debts  
and all I want is just your one day weekend love  
she sips her wine without a flinching  
she's in controll of it all the way

looks so good pretending that she's listening  
by the time I fall asleep she's gone away  
she's got no mercy on a jealous heart  
and she said it all right from the start  
make no promises make no debts  
but I love that lady I gotta confess  
that I want more than just a one day weekend love  
all she wants is just my one day weekend love  
the sooner it will be the better  
gonna have to see her right away  
it's been a week now since she's been around here  
I can't handle being without her one more day
