True romance (2x)

Any time you hear the door bells ring  
Never turn your back on love  
Never never never let it in swing  
Like art, take 'em; should your lover die, shine your shoes  
Watch out, keep your windows down.  
Tomorrow it could be you  
Get out of bed, get ahead, get a hat, read the rags  
Read the news  
Stay in fashion, make some cash.  
You really got nothin' left to lose

Chorus

(True romance)

Find a new romance

(True romance)

Another true romance

Give yourself another chance

Forgive your brothers and sisters

Find some time for tea and wine and valentines

Forget about the big picture

(True romance)

Make time to get lucky and find favour with the freaks

Be a fabulous weekend wonde

And a miracle worker in the week

(True romance)

You are a genius everyday but don't lose your common touch

Join a gang, learn rhyming slang,

Learn greek, learn double dutch

Get a car, get a job, get a girl, pay your taxes, pay your bills

Pull yourself out the water, boy.

God knows, no-one else will.

Chorus

(True romance)

Find a new romance

(True romance)  
Another true romance  
Give yourself another chance  
Forgive your brothers and sisters  
Find some time for tea and wine and valentines  
Forget about the big picture

Join a mercury cult, join a suicide pact  
Sport more sophomore, make more folklore  
I think my heart might be the new black  
All the myths and legends are under attack  
So I'll buy some lunar lamb  
Buy a ticket for a day trip to the moon,  
Give one eyes on the boys of summer  
And drink in the afternoon  
Get online, get in line, read between the lines,  
Straighten up your facts,  
Stamp your post with penny blacks,  
Cause Rule Britannia ain't comin' back

Chorus  
(True romance)  
Find a new romance  
(True romance)  
Another true romance  
Give yourself another chance  
Forgive your brothers and sisters  
Find some time for tea and wine and valentines  
Forget about the big picture  
(Repeat)

(True romance)  
(True romance)
