you looked me down when I was there
you shot me down, like you didn't care
you only, the only simple wish you only wish,
was born a prayer
for a friend

you toss and turn in your bed alone
you throw abuse thru a telephone
why don't you just sit back relax,
sit back and let your feelings go
with a friend

can't you let it go
ooh, it aches you so
got to let it go, let it go,
let it go, let it go

on new years eve, you had it all
a new year came, and I watched you fall
you only plan was for a man
and you only plan was for a friend
just a friend

can't you let it go
ooh, it aches you so
got to let it go, let it go,

let it go, let it go

I can't believe
the things you can't see
you're never wrong, you're always right
you're never wrong, you're always right
you got me wrong

I can't believe
the things you can't see
you're never wrong, you're always right
you're never wrong, you're always right
you got me wrong

you're never wrong, you're always right

you're never wrong, you're always right
you got me

you toss and turn in your bed alone
you throw abuse thru a telephone
why don't you just sit back relax,
sit back and let your feelings go
with a friend, with a friend ...
