Well after today I'll never see you  
And you'll be left with your life  
Collecting all your souvenirs  
I'll never get it right

Empty man hollow man  
I call myself a hermit  
My self esteem contingent on  
The way you look at me

I'm hanging on your words  
Yeah I'm reading all your thoughts  
If only I could be you now  
'Cause you got the control

Well after today I'll never see you  
And you'll be left with your life  
Collecting all your souvenirs  
I'll never get it right

Empty man lonely man  
I call myself depressed  
I'm finding ways to avoid you  
At the expense of sanity

I'm hanging on your words  
And I'd like to share a thought  
I know I can't be you now  
But I'd like to stay a while

Well after today I'll never see you  
And you'll be left with your life  
Collecting all your souvenirs  
I'll never get it right

I'm hanging on your words  
Yeah I'm reading all your thoughts  
If only I could be you now  
'Cause you got the control

Well after today I'll never see you  
Well after today I'll never see, never see

Well after today I'll never see you  
And you'll be left with your life  
[Incomprehensible] and this is my goodbye  
I'll never get it right, I'll never get it right
