Words they echo in my mind
Feelings that slow down the time
I don't know if I'm forwards or behind

Eyes are staring out at me
And people all surrounding me
All the hands upon me - now I'm lost

I only wish that you were here
with you fear seems to disappear
If only I could take back how I feel

I only wanna be ok
But I don't know another way
Destroys the thing that means the most to me

It seems familiar
I've been here before
yeah it's all i need to read my thoughts now

Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now
Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now

Find it hard to concentrate
And i can never meditate
Try to get my mind right off of you

No matter how i feel today

I only know that things'll change
And i don't really care if you felt good

I seem familiar
You've been here before
Yeah it's all i need to read my thoughts now

Carry on, carry on
Count the things that i've done wrong

Cut me down til there's nothing left now
Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now

Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now
Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now
Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now
Carry on, carry on
Count the things that i've done wrong
Cut me down til there's nothing left now
