I didn't ask you to take me from here  
I didn't ask to be broken  
I didn't ask you to stroke my hair  
Or treat me like a worthless token

But my skin is thick  
And my mind is strong  
I am built like my father was  
I've done nothing wrong

So free me  
I just wanna feel what life should be  
I just want enough space  
To turn around  
And face the truth  
So free me

When are you gonna realize  
You're just wrong  
You can't even think for yourself  
You can't even make up your minds  
So my mind's a jail  
I hate the whole goddamn human race  
What the hell do you want from me  
Kill me if you just don't know

Or free me  
I just wanna feel what life should be  
I just want enough space to turn around  
'cause you're all fucked  
Someday maybe you'll treat me like you
