Pretty women out walking with gorillas down my street  
From my window I'm staring while my coffee grows  
cold

Look over there  
(Where?)

There, there's a lady that I used to know  
She's married now or engaged, or something so I am  
told

Is she really going out with him?  
Is she really gonna take him home tonight?  
Is she really going out with him?  
Cause if my eyes don't deceive me  
There is something going wrong around here  
Around here

Tonights the night where I go to all the parties down my  
street

I wash my hair and I kid myself I look real smooth  
Look over there  
(Where?)

Here comes Amy with her new boyfriend  
They say that looks don't count for much and so there  
goes your proof

Is she really going out with him?  
Is she really gonna take him home tonight?  
Is she really going out with him?  
Cause if my eyes don't deceive me  
There is something going wrong around here  
Around here

But if looks could kill  
There's a man there who's more down as dead  
Cause I've had my fill  
Listen you, take your hands from her head  
I get so mean around the scene

Is she really going out with him?  
Is she really gonna take him home tonight?  
Is she really going out with him?  
Cause if my eyes don't deceive me  
There is something going wrong around here

Around here

Something going wrong around here

Something going wrong around here

Something going wrong around
