It's up to you what you can do
You're left with all your choices
You're in the clear, another beer
Would quiet all the voices

But it's your life
And I certainly wouldn't
Tell you what to do
But you're living like you
Haven't got a clue
It's your life
And I realize you're
Living out your dreams
But the end just might be
Closer than it seems

I know just what you think
You're on the brink of being someone
Close to the top, but will you flop?
Cuz you forgot where you came from

I hope you realize it's gone soon
Who's gonna love you if you hate yourself?
But it's your life
And I certainly wouldn't
Tell you what to do
But you're living like you

Haven't got a clue
It's your life
And I realize you're
Living out your dreams
But the end just might be
Closer than it seems

If I would've known what I know today
I guess I wouldn't have it any other way
If I would've known what I know today
I guess I wouldn't have it any other way
I guess I wouldn't have it any other way

It's your life

And I certainly wouldn't
Tell you what to do
It's your life
But you're living like you
Haven't got a clue
It's your life
And I certainly wouldn't
Tell you what to do
It's your life
We'll I realize you're
Living out your dreams
But the end just might be
Closer than it seems
