Where are you now?
I want to talk to you
I'm sitting here alone
Waiting by the phone

Where are you now?
I want to talk to you
If only you were home
I wouldn't be alone
I'll wait for you

Where are you now?
Are you just toying with me?
Do you need me to play
All your high school games?

Where are you now?
I guess I'll try once more where
I don't have much to say
But it's the tenth call that I made

And it's ringing in my head
Yeah, the last thing that you said now
It's in me

I ask you just
What is it you've tasted?
Your answer's hushed
I'm wasted, so wasted

And it's ringin' in my head
Yeah the last thing that you said now
All the promises you made
Were the others just the same now, it's in me

All those promises
They never work out right
Make me believe you were
Home in bed last night
Where did you sleep last night?

Where are you now?

I wanna talk to you
This obsession here today
Is it pushing you away?

Where are you now?
I feel like I'm stuck in you
Is it somethin' that I lack?
Why won't you ever call me back?

Still it's ringin' in my head
Yeah, the last thing that you said now
All the promises you made
Were the others just the same now, it's in me
