If I'm not right with you
Then I'm not right with anyone
Oh, I have to see this through
'Cause I know you're the only one
(The only one)

Yesterday I had the chance to make it all work out
But I shot myself so many times in the foot, I had to shout
Hello, hello, hello again, don't you remember me?
Well, I'm the guy from way back when, stalking devote
So take my hand and burn it

If I'm not right with you
Then I'm not right with anyone
Oh, I have to see this through
'Cause I know you're the only one

Yesterday I had the chance to make it all okay
The flowers and the ring I bought couldn't take my words away
(Couldn't take my words away)
Hello, hello, hello again, could you forgive my life?
'Cause everything I said was wrong, so please remove the knife
Then take my hand and burn it

If I'm not right with you
Then I'm not right with anyone
Oh, I have to see this through
'Cause I know you're the only one
(The only one)

I know it's hard to be true
I know it's hard to be true

If I'm not right with you
Then I'm not right with anyone
Oh, I have to see this through
'Cause I know you're the only one
(The only one)

If I'm not right with you
Then I'm not right with anyone
Oh, I have to see this through
'Cause I know you're the only one
(The only one)
The only one

I know it's hard to be true
I know it's hard to be true
