You called me up last night in tears
You said you missed me after all these years
Well I've been waiting here so long
I've gotten over it since you've been gone

You called me late last night again
And said you'd finished with your new boyfriend
Asked if you could come back home
So sorry that you left me all alone

Well say you love me
Love me again
But if you love me
Where have you been?
Say you need me
More than anyone else
Well go to hell
Where have you been?

You showed up at my door today
Said my friend why do you push me away
Your life with him was just so dull
But what we had was something wonderful

Well say you love me
Love me again
But if you love me
Where have you been
Say you need me more than anyone else
Well go to hell
Where have you been

No way
You wish
I don't
Need this
What makes you think i'd ever want you again?

Yeah right
As if
I don't
Need this

What makes you think i'd ever want you again?

Again

You called me late last night again
Said you'd finished with your new boyfriend
Asked if you could come back home
So sorry that you left me all alone

Well say you love me
Love me again
But if you love me
Where have you been?
Say you need me
More than anyone else
Well go to hell
Where have you been?

Say you love me
Love me again
But if you love me
Where have you been?
(but if you love me)
Where have you been?
(but if you love me)
Where have you been?
(but if you love me)
Where have you been?
