In my life, been all the places  
That I dreamed of since I was a kid  
Bury the past, I'm getting on with  
Things I never thought I'd get through

So now I know

I don't know anything  
Except I notice that  
You're still here  
I don't want anything  
Well that's a lie because  
I want you here with me

I made mistakes, I've done some things  
That I just wish I could go back and change  
But now I'm here, and now I know that I  
Can learn from those things that I've done

So now I know

I don't know anything

Except I notice that  
You're still here  
I don't want anything  
Well that's a lie because  
I want you here with me

Don't want it back  
I like who I've become  
I'm right on track  
I'm feeling half as young  
As I did when I was a kid

In my life, been all the places  
That I dreamed of since I was a kid

I don't know anything  
Except I notice that  
You're still here  
I don't want anything

Well that's a lie because  
I want you here with me

So now I know
